

# 11<sup>th</sup> PCIEERD Anniversary

29 June 2021, via Zoom Conferencing

**PARTICIPANTS FEEDBACKS & COMMENTS**

# Recommendations from the Participants:

Participant	Recommendation
Randell U. Espina - Ateneo de Davao University	AI in Renewable Energy (AIRE)
Ma. Cecilia A. Monteverde - DOST-PAGASA	Immersion in foreign laboratories would help acquire knowledge and skills to improve more his/her craft
Sayre J. Bongo - PCIEERD	Allow for more prep time by lead committee/division.
Alger Bala Bautista - National Irrigation Administration - Magat River Integrated Irrigation System	Any topics relevant to our irrigation system.
Joseph Ednie C. Soriano – PSHS Central Luzon	It will be better if you can include interactive portion with the audiences
Glenn Joseph C. Franes - ITDI	More updates re technology development
Leon B. Mendigorin - PCIEERD	PCIEERD SCHOLARSHIP PROGRAM
Maria Elena A. Talingdan - NRCP	Please have a listing of past PCIEERD Exec Directors for the new personnel to become aware of. Also please check affiliations, spelling of entries, etc
Carlito R. Aleta – Balik Scientist	Punctuality can be improved.
Rhona Cabillon – LGU Tubungan	Research related on Disaster Resilience
Aljon M. Borabo - DMMSU	Speakers should be mindful of the set program.
Antonio Reyno - Balik Scientist	Suggest to focus more on finances assistance available to develop Universities laboratories

# Feedbacks from the Participants

## Positive Feedbacks/Comments:

Participant	Institution	Feedback
ROCHELE JOHN B. TAGALOGON	EASTERN VISAYAS STATE UNIVERSITY	Aa lot of inspiration. Thank you so much
Mary Lou D. Basa	University of the Cordilleras	additional knowledge on innovations and technology
Ma. Cecilia A. Monteverde	DOST-PAGASA	All Speakers shared their experiences that would inspire Researchers to strive more and to improve his/her skills. Immersion in foreign laboratories would help acquire knowledge and skills to improve mor ehis/her craft. Congratulations PCIEERD. Happy Anniversary! God bless you more...
Helen Tejero	Iligan Medical Center College	All the speakers including the facilitators are young, have excellent communication skills, and have brilliant ideas. Their accomplishments in research work are so impressive. The topics were all interesting.
Myrna M. Blah	PCIEERD-DOST	All topics help improve development of our concil
Lourdes T. Baldelomar	Asian Institute of Maritime Studies	DOST-PCIEERD has always been true to its mandate and one of the government entities I truly respect. Thank you and congratulations!
Shirley B. Del Mundo	Cavite State University	Excellent
Marvin Herrera	University of the Philippines Los Banos	Excellent job and good line of speakers. The affiliations of the speakers show the "inclusiveness" of DOST; researches are not exclusive in UP. More power DOST!

## Positive Feedbacks/Comments:

Participant	Institution	Feedback
Dr. Marta B. Macalalad, AFBE	AUP	Ever since I invited by your organization, the DOST-PCIEERD, I always benefited from listening to various presentations from different industries. For a more effective sharing your goodness to the general public, I have chosen my students in online class to benefit too. During their quizzes and examinations, I used selected link from yours, paste it in examination sheets as part of their critical thinking, reactions, and reflections to all their exposures on the topics presented. They watched, inspired, and enjoyed listening to the administrators as well as the emcee and participants from the beginning to the end. What you are doing is an eye opener for the young future leaders in our society. Thank you so much.
Angela Katrina M. Dongdong	University of Science and Technology of Southern Philippines	First of all, I would like to thank you for inviting me in this program and I would really love to attend you next activities regarding proposal submission. This event has been very knowledgeable to me and it made me become more interested in conducting research. Hope that we could submit proposals in your office and may funding be provided. Thank you very much!
Thelma D. Palaoag	University of the Cordilleras	Great, happy anniversary PCIEERD
Dong Christian Alonzo Bagang	Bataan Peninsula State University	I am interested with 3d printing topic by Dr. Dizon because it is in my school and want to know more of it.
Gerwin R. Francisco	USTP-CDO	I didn't go zoom but I watch it on fb live I really love how the speaker share their knowledge science and technology (S&T) and research and development (R&D) and capacity building and sustainable innovations for economic recovery

## Positive Feedbacks/Comments:

Participant	Institution	Feedback
Dr. Ma. Nellie L. Mapa	West Visayas State University	I have learned a lot from the presentation of different presenters. Thank you so much. Kudos!
JOHN RENTIE V. DIAZ	LAGUNA STATE POLYTECHNIC UNIVERSITY	I like most DOST-PCIEERD Infrastructure Development Program particularly the 3D Printing in Bataan Peninsula State University presented by Professor John Ryan C. Dizon, Ph.D., PIE
